- (26) CAROLAINE BOYD
- (27) BOBBY VON ROHR
- (27) SAVANNAH HAYNES

JANUARY ANNIVERSARIES

- (12) CHARLIE & DIANE HANNAH (34 yrs.)
- (20) GEORGE AND RUTH HARVEY (56 yrs.)
- (31) JAMES AND TAM McLAIN (56 yrs.)

The most difficult ting imaginable is to keep clean of debt, dirt, and the devil all at the same time.

Compassion is more than shedding tears. A block of ice weeps, too.

Talk to a man about himself and he will listen for hours.

What a lot of children are saving for a rainy day is their parents.

DARK SHADOWS FALL IN THE LIVES
OF US ALL

Sickness and sorrow come to us all,
But through it we grow and learn to "stand tall"
For trouble is "part and parcel of life"
And no man can grow without struggle and strife.
And the more we endure with patience and grace
The stronger we grow and the more we can face—
And the more we face, the greater our love.

And with love in our hearts we are more conscious of
the pain and the sorrow in lives everywhere.

So it is through trouble that we learn how to share.

Helen Steiner Rice

Next Sunday will be welcoming the Danleys: Joel, Hannah, Clayton, Caden, Caroline, and Campbell back to the Dunlap congregation. Joel will be the full time preacher.

We want to thank Freddie for all the years he was the preacher here.

Thank you, Keith Pickett, and Daniel Boyd for the great lessons the last few weeks.

And The Year Was 1904....

What a difference one hundred years makes! Here are some U. S. statistics for 1904:

- * The average life expectancy in the U.S. was 47 years.
- * Only 14 percent of the homes in the U.S. had a bathtub and only 8 percent of the homes had a telephone.
- * A three-minute call from Denver to New York City cost eleven dollars.
- * There were only 8,000 cars in the U.S. and only 144 miles of paved roads. The maximum speed limit in most cities was 10 mph.
- * Alabama, Mississippi, Iowa, and Tennessee were each more heavily populated than California. With a mere 1.4 million residents, California was only the 21st most populous state in the Union.
- * The tallest structure in the world was the Eiffel Tower.
- * The average wage in the U.S. was 22 cents an hour. The average worker made between \$200 and \$400 per year. A competent accountant could expect to earn \$2000 per year, a dentist \$2,500 per year, a veterinarian between \$1,500 and \$4000 per year, and a mechanical engineer about \$5000.
- * More than 95 percent of all births in the U.S. took place at home.
- * Ninety percent of all U.S. physicians had no college education. Instead, they attended medical schools, many of which were condemned in the press and by the government as "substandard."
- * Sugar cost four cents a pound. Eggs were fourteen cents a dozen. Coffee was fifteen cents a pound.
- * Most women only washed their hair once a month, and used borax or egg yolks for shampoo.
- * The five leading causes of death in the U.S. were: Pneumonia/Influenza; tuberculosis; diarrhea; heart disease; stroke.
- * The American flag had 45 stars. Arizona, Oklahoma, New Mexico, Hawaii, and Alaska hadn't been admitted to the Union.
- * The population of Las Vegas, Nevada was 30.
- * There was no Mother's Day or Father's Day.
- * Two of 10 U.S. adults couldn't read or write. Only 6 percent of all Americans had graduated high school.
- * Marijuana, heroin, and morphine were all available over the counter at corner drugstores. According to one pharmacist, "Heroin clears the complexion, give buoyancy to the mind, regulates the stomach and bowels, and is, a perfect guardian of health."
- * Eighteen percent of households in the U.S. had at least one full-time servant.
- * There were only 230 reported murders in the entire country.

And all this time the Word of God has not changed one whit! "For I am the Lord, I change not...the word of God, which liveth and abideth for ever" – Malachi 3:6; 1 Peter 1:23
