A SURE WAY TO A HAPPY DAY

*Happiness is something we create in our mind,
It's not something we search for and so seldom find.*

*It's just waking up and beginning the day
By counting our blessings and kneeling to pray.*

*It's giving up thoughts that breed discontent,
And accepting what comes as a "gift Heaven sent."*

*It's giving up wishing for things we have not,
And making the best of whatever we've got.*

*It's knowing that life's a responsibility for us,
And pursuing our tasks without fret, fume or fuss.*

*For it's by completing what God gives us to do
That we find real contentment and happiness, too.*

Masking Symptoms or Curing the Disease

Recently I experience an affliction common to all, the common cold! I took all the usual stuff and waited for it to just go away. As I took the different kinds of medicines for various symptoms, I noticed some of the labels. This one stops watery, itchy eyes; this one stops coughing and sneezing. Others reduce fever, soothe sore throats, or relieve a stuffy nose. As I read these labels, I wondered, if all of my symptoms are cured, why do I still have a cold? You would think if no symptoms exist, neither would the condition. Of course I think we all understand that these medications only mask the symptoms, and do not cure them. And while you may feel pretty good and go about your business, you still have a cold and only time will cure it.

As I thought about this, I kept thinking, there must be a lesson in this somewhere. Here is what I think it is. Taking cold medicines is like practicing denominationalism. It doesn't really cure what ails you, spiritually, it only masks the symptoms. As stated above, if you take enough medication, you will probably feel great and go about your business as usual. But you are still not cured. And denominationalism will not cure you of that deadly disease called sin! Satan's medicine will only trick you into thinking you are healthy. Most cold products will stop short of promising to actually cure you, but they promise the next best thing. That may be great for the cold virus but the next best thing is no good when your soul's salvation is involved, because there is no next best thing! You need the real cure that only God's word can provide. No amount of denominational medicine Satan prescribes will cure you. Only obedience to God's word will.
