## A Diversity of Issues

### Guns vs. Evil Hearts

If an out-of-control liberal Government were to find a procedure which allows it to successfully remove all guns from its citizenry, they [guns] would be replaced with knives, ball-bats, iron pipes, and a hundred other items to use as weapons by those whose hearts need a transformation. Our crime-ridden problems are not guns. The fundamental undisputed problem is evil hearts. Until evil hearts are transformed, crime involving guns and other weapons will multiply.

### Transgender's Crazyness

*If you're 18 and you think you're the opposite sex, you have a mental illness. If you're 8 and think you're the opposite sex, your mother is mental!!!*

### Transgender Pets

I'm waiting to hear the insane news, thinking its only a matter of time in this mixed up culture, such as, "My male pet dog is now a transgender female," or, "My pet female cat is now a transgender male." And how much longer will it be that some farmer from California will claim his one-time bull is now a cow? Weirid insights? Yes, just as weird as those who were biologically born a particular gender but are now declaring they are of the opposite sex.

### Did Jesus Make His Final Personal Advent In A. D. 70?

According to this doctrinal scenario, proclaimed by many, He did. Let it be said that if any portion of scripture used by Preterists to support their position collides with other specific and clearly-spoken portions of scripture, they err and the foundation of their major premise crumbles. With this in mind, let me cut at the very taproot of this belief system.

It is vital to understand that if Jesus made His second personal advent in A. D. 70, the immensity of the event would have prompted someone to mention or write about it after that date. But no! It is not recorded anywhere. This fact is a burr under the Preterist's saddle that cannot be extracted, for he cannot provide testimony from anyone, including "church fathers" who lived in A. D. 70 and beyond, that the Messiah made His personal advent at that time.

Yes, He came in judgment upon the rebellious Jews, as history confirms, and Old Jerusalem was literally destroyed never to rise again as a terrestrial nation instituted by the God of new Israel, the redeemed community. But His second and final advent is yet future.

### Special Days

For all of you out there asking for "Father's Day" and "Mother's Day" to be changed to "Special Person Day," there is already a day just for you. It is "April Fools' Day."

### "Climate Change"

For decades, I have declared the "changes" in our weather patterns are nothing more than natural cycles. History confirms it. These "natural cycles" have occurred, off-and-on, since Adam's Fall. We agree, however, that some of this can be prevented by keeping our environments, worldwide, clean of pollutants. As to the testimony of science, I have never denied valid science. But when any division of science refutes the testimony of my God, it is "false science."
